As you are aware that the Information Security Education and Awareness (ISEA) initiative is being implemented by the Ministry of Electronics and Information Technology (MeitY), Govt. of India. The ISEA Project has been designed with a targeted approach for development of human resources for safe, trusted and secure cyberspace, with the Centre for Development of Advanced Computing (C-DAC), Hyderabad, serving as the Project Management Unit.

Under the mass awareness component of the ISEA initiative, *Cyber Aware Digital Naagrik* aims to enhance cyber hygiene, cybersecurity, and privacy awareness among citizens through multimedia-rich content accessible at <https://www.staysafeonline.in>.

To promote cyber hygiene among students, students can participate by submitting any of their entries in various competitions such as Drawing/Painting, Cartoon Storyboards, Reels/Shorts, Slogan Writing, Cyber Awareness Tales (Character-driven storytelling), Short Awareness Videos/Films, Technical Papers, Nukkad Natak, and My Success Story: Thanks to Digital Naagrik, all aligned with the theme.

All winners will receive awards, reward points, and certificates to foster engagement and enrich the learning experience. National-level winners will be awarded during the National Cybersecurity Awareness Month (NCSAM)-2025.

All institutions are requested to disseminate this information widely across your institution and encourage students to participate with enthusiasm.
